Dennis Schultz - Hands-On Builder/Contractor VA Contractors License #2705 088697

## T. GREER & ASSOCIATES INC. general contractor

April 20, 2010

We are happy to recommend Schultz Pool Designs as an excellent pool contractor. As a General Contractor specializing in custom homes and remodeling, we rely on our sub-contractors to produce a superb product at competitive prices. We also need our sub-contractors to interact well with our clients. We have worked with Dennis on a number of projects, including fountains, pool renovation, and new pool construction. All the projects have been a success, with satisfied clients.

We are particularly impressed with Dennis's ability to perform most of the actual work himself. We have found that most pool contractors sub-contract out many of the components of the pool. Dennis performs almost all of the construction phases of the pool, including shell construction, himself. We have found this to be a benefit for both quality control and schedule.

Over the years we have struggled to find qualified, professional pool contractors to undertake demanding projects at reasonable rates. We are happy to have discovered Dennis Schultz, and will continue to rely on his expertise on jobs where water features are specified.
